Dear Parents/Carers

INDIVIDUAL CHARITY MATCH FUNDING

You will hopefully be aware of the all work that Friends of Ewell Grove (our school PTA) have been doing to raise funds for the school. In the past few years money you have raised has gone on things such a light/sound system for the school hall, interactive robots to teach coding basics, and books for the children.

We wanted to take this opportunity to remind some of our working parents, who may feel like they can't offer as much support to the school in terms of time, that there is a valuable way for them to be able to help.

Friends of Ewell Grove is a registered charity and many companies offer a match funding scheme to employees which means they will match any money raised for charity. This could mean if you man a stall at our fair your company might double the takings for that stall, or if you print letters to promote a raffle your company might match the first 500 tickets sold.

Every company has different criteria but most high street banks, building societies, supermarkets and large corporations have some sort of scheme. As well as some smaller independents. We attach a list of companies that we know have run schemes in the past, but this is by no means an exhaustive list.

It is an INVALUABLE resource and last year raised over £2,200 for the school. So if you can spare a moment to talk to your HR about their match funding/charity giving schemes we would be most grateful.

If you think you would be eligible for match funding and can help us please do let us know at foeg@ewell-grove.surrey.sch.uk. Every penny really counts.

Thank you for your continued support

The Friends of Ewell Grove
