

RECEPTION GOLD BOOK

RABBIT AND BADGER

WEEK 1

RABBIT CLASS

Bella built a super castle using 3D shapes. She has been describing the shapes and talking about shapes in the environment.

We read a story about the Golden Rule 'We Listen'. Harry has been doing fantastic listening. He has been a wonderful role model to all of Rabbit Class.

Chloe created a brilliant autumn tree. She talked about sign of autumn and finger painted the leaves to show how they are falling off the trees.

Charlie re-created the number blocks. He carefully counted the bricks to ensure he had the correct amount and matched them to the numeral.

Oliver painted a brilliant rabbit. He described the rabbit in detail. Oliver talked about what rabbits eat and where they live.

BADGER CLASS

We have been exploring 3D shapes in our outside area. Kai used the shapes to build a tall tower, thinking about which shapes would be good to use.

This half term we have been talking about the seasons. Zac used the oil pastels to create an autumn leaf. He thought about the colours he needed to use and smudged them to make his wonderful art work.

Ellia used inspiration from spring pictures to create her spring tree. She carefully scrunched up pink tissue paper to make blossom and stuck them to her tree.

In class we read 'We Listen' as part of our Golden Rules stories. Oscar has shown good listening this week during story time and when carrying out activities around the classroom.

In Badger class we drew number blocks. Alabama worked hard to draw the number blocks and used her favourite colours. She also practised writing her numbers 1-9.
