

**ON-LINE SAFETY EVENING
AT EWELL GROVE ON 11TH JANUARY
TALK STARTS AT 7:00 PM (REFRESHMENTS FROM 6:45 PM)**

Keep your child safe by learning what young people actually do online

Isn't it too early to worry about that?

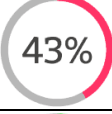

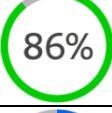

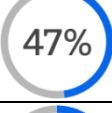

Have you seen the news?

Ms Longfield, England's children's commissioner, calls on schools and parents to prepare children emotionally for the "significant risks" of social media
<http://www.bbc.co.uk/news/uk-42563173>

Early use of digital technology has been shown to improve language skills and promote children's social development and creativity. But it's not without risks for young children, who may come across inappropriate content or begin to copy what older children do online.

Did you know...

Six-year-old children are as digitally advanced today as 10-year-olds were three years ago and nearly half of them use the internet for general online browsing. Some use it for social media, streaming content, and even uploading their own videos.

Habits		of children aged 3-4 use the internet through a PC or laptop
		children under 10 go online
Behaviour		of children aged 3-4 watch programmes on devices other than a TV
		of children aged six are using the Internet alone in their bedrooms
		of 7-11's use some form of online communication
Concerns		of parents worry about how much time their children spend online
		of 7-11's said mean comments stop them enjoying time online
